Artistry beyond imagination

At Magic Megève, a restored 18th-century mountain farm, guests will be captivated by a symphony of site-specific artworks that extend from the grand staircase to the light switches, and from the floorboards to the walls and ceilings, all meticulously created by world-renowned artists. Guests will also discover marvels in the forest overlooking the property, such as a collection of precious gems planted like seeds in the ground.

Guests will step into a sanctuary of creativity, where each of the 10 rooms has been thoughtfully designed by an artist. Guests can choose between fantastical universes conjured by visionaries like Luís Lazáro Matos, the temple of Jean Cocteau by Francesco Vezzoli, Conrad Shawcross's dream world and more. This is a world where even slumber becomes an artistic expression.

Tradition meets elegance

The timeless allure of chalet Magic Megève Bois is the epitome of elegance and charm. It

exudes warmth and style, creating an alpine experience that transports guests to a world of comfort. Among its 12 design suites, contemporary aesthetics harmonise with traditional chic, offering spacious and serene accommodation.

Relaxation awaits

At the retreats, guests' wellbeing takes centre stage and immersion in nature is prioritised. The chalets offer innovative spa treatments, tailored to invigorate senses and rejuvenate the spirit. Guests will be transported to a world of relaxation and rejuvenation, where every touch is carefully designed to elevate the senses.

The chalets also offer retreats focusing on mental wellbeing, from spirituality treatments to Kundalini yoga led by Shaman Elmira.

Through various massage techniques, Shaman Elmira cleanses the body's energy fields, heals corporeal tensions and liberates blocks, negativity and fears.

Culinary excellence

Guests will be tempted by a sophisticated dining experience at the restaurant, where chefs prepare exquisite dishes with produce and ingredients from local farms, emphasising a commitment to sustainability and freshness. Guests will not only have the opportunity to taste these exquisite products, but also have the chance to harvest them with their own hands in the Upper Savoy valley. Thanks to foraging, the chefs use zero-mile products, harnessing the traditions of the past and the region's wild raw materials to create dishes that reflect the natural environment.

Delight in rare wines

The retreats offer a meticulously curated wine cellar, the result of decades of research, travel, and personal connections to wine producers worldwide. Guests will enjoy an impressive collection of esteemed and rare bottles from a wide range of regions including Piedmont, Tuscany, Veneto, Burgundy, Bordeaux, California and more.

Extraordinary experiences

Thanks to an expansive network in several fields — including wine, art and sports — Magic Megève and Magic Megève Bois proudly offer a variety of unique experiences. From dining in the mountains, to embarking on a cross-country ski trip with expert coaching, to wine-tasting in the Magic wine cellars, nothing is beyond the imagination.

Magic Megève and Magic Megève Bois are part of The Magic Collection Retreats, a contemporary hospitality project focused on the principle of ART: Aim, Rest, Think. Set in Megève, Forte dei Marmi and Ibiza, the four retreats under this umbrella are transformed and revitalised through the collaborative ventures of artists. These retreats offer guests a unique experience, where they can literally live art. Artists' works are placed in relation to everyday spaces, and interact with the functionality of the place itself. In this context, the works are stripped of their mysterious auras, and become part of the everyday experience, accessible to all.

DON'T MISS Site-specific artworks from renowned contemporary artists are placed around the retreats and surrounding forest
